Compliance Report against the objections on the Saras Portal

With reference to the reuploading of remarks on SARAS regarding the above Subject the point wise compliance is as under :

1. Currently we have 11 running sections and two surplus classrooms have already been shown in the accommodation detail provided alongwith documents submitted to the I/c members. One additional classroom has been made available. In addition to this three more classrooms along with toilet block are presently under construction (click on the below mentioned link for the video) which will be ready by the end of June 2023, and before the commencement of new session for grade 11.

We are sure that these classrooms would suffice to accommodate all streams of senior secondary level classes.

2(a) Indoor/Outdoor sports facilities, all science and maths labs, ramp at the entrance and toilets for CWSN and normal toilets have been shot and the same are duly projected & the same can be verified from the video link mentioned below.

2(b) Ramp facility for the upper floors, toilet block for the first floor and back side boundary wall is currently under construction and it is hoped to complete the same within 2-3 months. Order has been placed to construct the ramp & purposed plan has been appended herewith.

3(a) A single youtube video covering all areas and aspects, infrastructure and related facilities has been prepared and uploaded on youtube on the below mentioned link.

3b) It is declared that the school follows the desired SOP's for lab, library and sports requirements of CBSE as shown in the videography in the given link.

In view of above it is hoped that the requirements regarding deficiencies are met with and the same need to be considered for upgradation of Akal Academy Behak Fattu.
